Dear friend,

Hello, dear Portuguese friend. My name's Sara Sorensen, but people usually call me Sarinha. I am Danish, but my mother is Portuguese, you know. Her name's Susana. My father is Danish. He is a teacher at my school – *Vittenbergskolen*. My favourite subjects are English and VTE\*. I am twelve years old and I live with my parents and my brother David in Ribe, Denmark.

I like playing the piano, walking in the woods\*, visiting museums and playing cards with my mum and my brother: I also like playing football. Evanescence is my favourite band.

I love animals. Snakes and tarantulas are my favourite ones! Look at my picture with my phyton! Her name is CC and she is very nice!

I love travelling and we travel quite a lot. In Summer we usually spend two weeks in Olhos de Água, in the Algarve. I love the Algarve because the weather is warm, the sea is calm and the people are nice. I really like Portuguese seafood, but my favourite Danish food is the *frikadeller*, something quite like your *almôndegas*.

Next time I'll tell you more about me, my country and the Vikings. Write soon and tell me about yourself, your family and friends and about your school. I hope we might meet one day.

Love,  
Sara xxx\*
